## EDUCATION

### •Bachelor of Technology in Information Technology

2022 – 2026

Ajay Kumar Garg Engineering College Ghaziabad (AKTU)

CGPA: 8.09, Percentage: 80.44%

### •Senior Secondary (Class XII)

2021

Jawahar Navodaya Vidyalaya Sonebhadra, CBSE

Percentage: 89.6%

### •Secondary (Class X)

2019

Jawahar Navodaya Vidyalaya Sonebhadra, CBSE

Percentage: 89.8

## WORK EXPERIENCE

### •Textr AI Technologies Private Limited

15 Jun 2025 -11 Aug 2025

Software Development Engineer Intern

Varanasi, UP

- Developed and maintained full-stack features using React.js for frontend and Node.js with Express for backend
- Gained exposure to AI-powered development tools and their application in software engineering workflows
- Worked in Agile environment, participating in daily standups and sprint planning sessions
- Collaborated with engineering team to solve real-world problems and deliver production-ready features
- Improved application performance through code optimization and debugging
- Contributed to code reviews and participated in technical discussions

## PERSONAL PROJECTS

### Airline Booking System

A full-stack airline ticket booking platform with real-time seat selection and payment integration. [GitHub Link]

- Built a scalable airline booking system allowing users to search flights, select seats, and book tickets.
- Developed RESTful APIs using Node.js and Express for user authentication, flight management, and bookings.
- Designed a responsive frontend using React.js and Tailwind CSS for real-time user interaction and seat selection.
- Integrated Mysql to manage user profiles, flight data, and booking records.
- Implemented secure login with JWT authentication and ensured consistency with MySQL transactions.
- Technologies Used: React.js, Node.js, Express.js, Mysql, CSS, .

### •E-commerce App

An online shopping platform with a seamless UI and product management. [GitHub Link]

- Developed a responsive e-commerce website allowing users to browse, search, and purchase products.
- Implemented dynamic UI components using React.js and styled with tailwind.
- Integrated cart functionality and user experience improvements.
- Technologies Used: React.js, tailwind, JavaScript.

### •Portfolio Website

A personal portfolio showcasing projects, skills, and contact options. [GitHub Link]

- Designed and developed a responsive and animated portfolio website to showcase personal projects and skills.
- Used Framer Motion to create smooth and engaging animations for enhanced user experience.
- Implemented contact form with real-time email functionality using Email.js.
- Technologies Used: React.js, Tailwind CSS, Email.js, JavaScript.

## TECHNICAL SKILLS

Languages: C, C++, JavaScript

Libraries & Frameworks: React.js, Node.js, CSS

Databases: SQL, MySQL

Tools & Platforms: VS Code, Git, GitHub, AWS

Areas of Interest: Full Stack Web Development, UI/UX Design

ACHIEVEMENTS

---

- Cybersecurity virtual trainings certified by Infosys Springboard.

PERSONAL TRAITS

---

- Quick learner, team player, and adaptable to new technologies.
- Strong problem-solving and communication skills.

POSITIONS OF RESPONSIBILITY

---

- **Value Education Cell Member**Organized Earth Day Event and Diwali Fair2024
  - Collaborated with the Value Education Cell to organize the Earth Day event with participation from NGOs like Nest of India.
